ABOUT

I am a Product Designer with a user-centered approach, focused on interaction design, user research and usability testing. With experience across web, mobile and Windows platforms. I blend creative insight with strategic thinking. My background in Product and Industrial Design helps me identify opportunities and craft effective design solutions that adapt to evolving market needs.

EXPERIENCE

Leadrat | Product Designer

MAY 2022 – PRESENT • Bengaluru, Karnataka

- Led product design for web and mobile platforms, translating user and business needs into intuitive product experiences.
- Owned end-to-end product design, from user research and problem definition through interaction design, prototyping and implementation.
- Collaborated cross-functionally to align design with business goals and user needs.
- Used AI-assisted design tools to speed up design iterations and explore edge cases.

Disha Kiran | UI/UX Designer

JAN 2022 – APR 2022 • Gurugram, Haryana

- Designed the end-to-end Sponsorship feature for club managed e-commerce platforms.
- Partnered with cross-functional teams to align design with product objectives.
- Delivered intuitive, responsive experiences through user flows and UI components.
- Maintained design consistency and iterated based on stakeholder feedback.

RG Architect Studio | Design Intern

JUN 2021 – JULY 2021 • Kanpur, Uttar pradesh

- Gained hands-on experience in client communication and incorporating design revisions based on feedback.
- Worked on 2D architectural drawings, including sections and elevations.
- Developed problem-solving skills through direct exposure to client facing challenges.

RSP | Design Intern

JAN 2018 – OCT 2018 • Bengaluru, Karnataka

- Assisted in preparing construction drawings, presentation boards, and furniture details.
- Developed sections, elevations, and working drawings for residential and commercial projects.
- Participated in site visits and supported translation of concepts into technical documentation.

EDUCATION

LPU | Master of Design

MAY 2020 – MAY 2022 • Jalandhar, Punjab

Focused on human-centered design, prototyping, product innovation, physical and digital products. Gained practical skills in usability, materials, and turning user needs into functional, market-ready solutions.

Integral University | Bachelor of Architecture

JUNE 2014 – JUNE 2019 • Lucknow, Uttar Pradesh

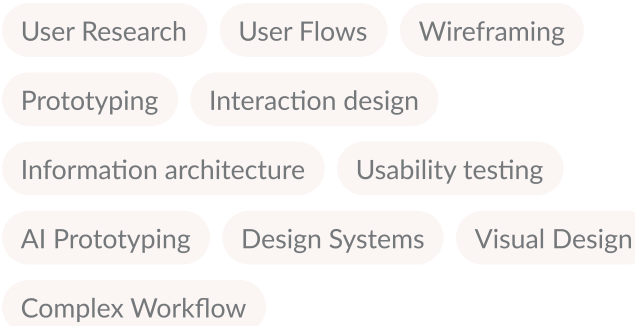

Trained in architectural design, construction technology, and spatial planning with a strong foundation in technical drawing, building codes, and site analysis.
